Western Union Telegraph Company
Washington, D. C.

Gentlemen:

On April 15, 1970 at 12:20 PM I sent a "night letter", Xerox copy of my submitted carbon attached, to Mr. Harold Weisberg of Route 8 Frederick, Maryland.

As you can see from Xerox copy of Mr. Weisberg's letter of same date this telegram arrived "garbled". I do not understand how such a simple message could become garbled. I should appreciate a copy of the garbled message as delivered to Mr. Weisberg. Parenthetically the copy requested to be mailed to my office address in Kansas City has not yet arrived.

Might I not be elegible for a refund.

Sincerely,

John Nichols, M. D.
